CORE SKILLS

Flutter Dart iOS (Swift / SwiftUI)

Android (Java) Cross-Platform Dev

State Management

RESTful APIs / JSON WebSockets

BACKEND & CLOUD

Python Django

Firebase (Auth, FCM) AWS (EC2, S3)

Google Cloud MySQL / SQLite

DEVOPS & TOOLS

Git / GitHub CI/CD Pipelines

Play Store & App Store

Android Studio Xcode Figma

TestFlight Hugging Face (AI)

EDUCATION

Master of Computer Applications (MCA)

Mahatma Gandhi University
2017 – 2019

Bachelor of Computer Applications (BCA)

Mahatma Gandhi University
2014 – 2017

CERTIFICATIONS

AI-Driven Python Programming

Entri · NSDC & Illinois (USA)

Generative AI Tools Certification

OutSkill

KEY STRENGTHS

- 5+ Years Mobile Dev:** Production Flutter, iOS, and Android applications.
- AI Integration:** Production Hugging Face LLM model workflows.
- App Lifecycle:** Complete App Store & Play Store CI/CD releases.

LANGUAGES

- English:** Fluent
- Malayalam:** Native

PROFESSIONAL SUMMARY

Results-driven **Mobile Application Developer with 5+ years of experience** architecting high-performance Android, iOS, and cross-platform apps using Flutter. Deep expertise in REST API integration, Firebase backend architecture, and WebSocket-driven real-time communication. Proven track record of delivering responsive 60fps animations, intuitive UI/UX, and cloud/AI integrations (Hugging Face, AWS, GCP) alongside automated CI/CD deployments to Google Play Store & Apple App Store.

PROFESSIONAL EXPERIENCE

Senior Mobile App Developer

2025 – Present

Antz Media Solutions · Kochi, Kerala

- Architecting and spearheading high-performance Flutter & iOS mobile apps with fluid 60fps animations.
- Designing native iOS modules using Swift conforming to Apple Human Interface Guidelines.
- Developing backend microservices and secure RESTful APIs using Python & Django.
- Managing end-to-end releases on Apple App Store & Google Play Store with automated CI/CD pipelines.

Mobile App Developer

2024 – 2025

Sociable Tech Ventures · Kochi, Kerala

- Engineered interactive features including OTP autofill, real-time chat, and live state synchronization.
- Integrated Firebase Analytics and Facebook Analytics for deep user behavior tracking and conversion funnels.
- Implemented WebSocket-based real-time communication protocols for low-latency messaging.
- Maintained CI/CD pipelines and managed stable releases on the Google Play Store.

Software Developer

Sep 2022 – Mar 2024

Vyrox Technologies · Thrissur, Kerala

- Developed production Flutter applications for e-commerce and high-throughput video streaming platforms.
- Integrated third-party payment gateways, Firebase Cloud Services, and Google Maps API for real-time tracking.
- Systematically improved app responsiveness and reduced memory leaks via profiling and UI rendering optimization.

Junior Mobile App Developer

Jun 2019 – Aug 2022

Wahy Lab Solutions · Kochi, Kerala

- Developed native Android apps using Java and Android Studio, building core UI components and logic.
- Conducted unit testing, systematic debugging, and bug fixes to ensure robust production quality.

KEY PROJECTS

🗺️ Tourism & Travel Guide App

Destination discovery app with curated itineraries, offline guides, GPS navigation, and tour booking.

Flutter Google Maps Firebase Payments

🏠 Tourism & Visitor Pass System

End-to-end tourist registration with OTP phone verification, digital ID, QR code passes, and check-in tracking.

Flutter Django Python QR Code

💬 Real-Time Matchmaking & Chat

Matchmaking app with WebSocket instant messaging, OTP auth, Firebase integration, and Django REST backend.

Flutter WebSockets Firebase REST API

🐾 AI Pet Adoption & E-Commerce

Full-stack platform with AI-powered breed auto-fill using Hugging Face Mixtral-8x7B, vet finder, and store.

Django Hugging Face AI SQLite

📺 Video Streaming Application

High-throughput streaming app with Flutter, media playback optimization, FCM push alerts, and Firebase auth.

Flutter Firebase FCM

💳 SmartyCard — Digital NFC Card

Cross-platform NFC digital business card app with QR sharing, profile analytics, and instant card reading.

Flutter NFC Dart Analytics
